

Developments & New Homes
 We enhance the livability of Wichita's neighborhoods by investing in partnerships, communities, and utilizing the best builders to build affordable homes.

Mission
 To provide housing and homeownership through affordable well-maintained rental housing and the sale of homes that have been rehabilitated and newly constructed by developing idle or underutilized real estate.

Rent to Home
 Our Renter HOME (HomeOwnershipMadeEasy) program empowers renters to transition from renting to homeownership. It is uniquely designed for those who may not qualify for a loan in today's tough lending market. It consists of HUD approved homeownership education and down payment assistance in the form of RHT's renter rewards for renters who buy homes developed by RHT's.

Rental Housing
 We provide rental housing that is safe, affordable, comfortable, and well-maintained.
